A Mona Lisa PursePal® is truly "the necessary accessory!®"

A unique fashionable purse hanger / purse hook that provides a practical solution to a common problem... where to put your purse or handbag?

How many times has this happened to you? You're dining out and you want to put your handbag or purse somewhere safe and secure...

Do you place it...

On the floor? No way! Not only is it likely to get dirty, but it could get stepped on or stolen.

On the back of your chair? Thieves love this! Your back is already turned to one of your most valuable possessions. Not a good idea!

Squeezed in next to your water glass? Prime spillage territory!

On your lap under your napkin? On your knee? Wrapped around your ankle?

This requires contortion and constant adjustment, treat yourself and your handbag better!

Instructions

Carry your Mona Lisa PursePal® in your purse wherever you go. It fits in even the tiniest purse and can hold a handbag as heavy as 15 pounds.

Place the disk face up on the edge of the table, let the hook swing down and hang your handbag strap from the hook.

Support a Great Cause With your Purchase

When you purchase a Mona Lisa PursePal®, please know that a great cause is benefited. For each Mona Lisa PursePal® that is purchased, MED-PASS contributes \$5.00 to breast cancer research. Breast cancer affects families. It hurts us all and we want to find a cure soon. This beautiful accessory will not only make taking care of your handbag much easier, but will also include you as a contributor to those dedicated to eradicating a terrible disease.

Thank you.
